

WEDDINGS

Adding our love of food to your happy day

At Gourmet St Food Catering we love working with people as much as with food, and when you're organising the biggest day of your life, the secret of your success lies in developing an excellent relationship with your caterer.

We'll work with you to make sure you have the perfect day. Choose one of our menus or we'll design a bespoke menu to suit your tastes.

Whether you are organising your celebration in a venue or in a marquee, we have the experience to create beautiful food out of the most unusual of spaces! Gourmet St Food Catering wedding organisers work closely with venues and marquee companies to ensure we have everything we need to guarantee you an amazing day.

Our flair and eye for excellence promises to deliver unforgettable food and edible memories to your special day. We can also organise the perfect ambience through adding bespoke, decorative touches to food stalls and table settings.
